SUMMARY

Results-driven and detail-oriented Computer Science and Engineering student with a stronger foundation in programming languages, data structures. Proficient in languages such as C, Java, Python, SQL and familiar about web technologies like HTML, CSS, JavaScript. Eager to contribute technical expertise in a Software Engineer position within an innovative and technology-driven company.

EDUCATION

Siddharth Institute Of Engineering & Technology, Puttur B. Tech Department of Computer Science And Engineering CGPA: 8.89/10	2022-2026
Himaja Junior College Intermediate CGPA : 8.97/10	2020-2022
Z.P.High School, Aranyam Kandriga SSC GPA : 9.66/10	2019-2020

TECHNICAL SKILLS

- **Languages** : C, Core Java, Advanced java (JDBC, Servlets, Hibernate),Python, SQL
- **Web Technologies** : HTML, CSS, JavaScript
- **CS Fundamentals** : OOPS

ACADEMIC PROJECTS

- Designed and developed a comprehensive Java and UI based Bank Management system with PostgreSQL database integration, simulating the basic operations of a banking system and enabling users to perform various transactions, such as deposit, withdrawal, and balance inquiry.
- Developed an Automatic Timetable Generator for school scheduling using Java Servlets, HTML, CSS, JavaScript. Automated timetable creation based on teacher availability and subject allocation, with a focus on responsive and user-friendly web interfaces.

CERTIFICATIONS

- Completed technical training on Database (SQL), Core java, Aptitude from Q Spiders.
- Completed NPTEL certification on the course Programming in Java.
- Completed MS OFFICE certification in Hi-Tech Computers.

SOFT SKILLS: Problem Solving, Fast Learner, Adaptability, Self-motivated, Time Management

LANGUAGES: English, Telugu, Hindi, Tamil.

INTERESTS: Cooking, Exploring New Technologies, Travelling
